der the same license.

The meeting held on until a late  
hour, not adjourning until after 11  
o'clock.

One more policeman was added to

## SERIOUS CHARGE AGAINST YOUTH.

Brought Here From Marion  
for Trial Before Commis-  
sioner Carothers.

A BOND OF \$200 00.

Defendant Accused of  
Shooting Up Rural Route  
Mail Box.

U. S. Deputy Marshal Elwood  
Neal, arrested Floyd Wheeler, aged  
about 15 years, near Marion, on a  
charge of shooting up rural route  
mail boxes and the youth was  
brought before Commissioner Car-  
others in this city for examining  
trial. Wheeler was held over to the  
Federal Court. Bond was fixed at  
\$200 and was furnished, the youth's  
mother becoming security, the ar-  
resting officer having the power of  
attorney from her to sign the bond  
in case her son should be held to the  
grand jury.

A heavy penalty attaches to a con-  
viction for destroying or injuring  
such property. Many boxes over  
the country have been injured by  
rock throwing and by being shot up  
and as it is the government's busi-  
ness to look after and protect same,  
the law will be rigidly enforced  
against offenders of this character.

### Card of Thanks.

To the 1293 customers first and to

the enterprising citizens and busi-  
ness people of Hopkinsville and vi-  
cinity, I wish to extend thanks,  
which language fails to express,  
for the explicit confidence and liberal  
patronage which you have conferred  
upon me, this the last quarter  
of 1909. And to show my apprecia-  
tion, I am increasing my facilities to  
three times the capacity of the past.  
Being assisted by one of the best  
and fastest workmen in the country.  
I am to make Hopkinsville Electric  
Shoe Shop second to none in Ky.  
Again thanking you one and all and  
wishing you a prosperous and hap-  
py New Year.

I Am Yours For Business.  
O. C. Kinsolving.

The North Carolina man who pro-  
duced this season 226 bushels of corn  
on an acre of land had been prepar-  
ing for the crop for seven years.  
Seed selected was an important  
factor. He selected seed that

land fifteen inches deep and fertil-  
ized it well, and planted three seed  
in a hill, the hills being eight inches  
apart. Forty-five barrels to the

farmer believes in fewer acres, well  
fertilized, and care in selecting seed.
